Who We Are

As the founder of Ocon Concrete Group, Anthony Oiteirinho leads his team with extensive experience in high-rise, commercial, and residential concrete projects. From complex structural works to boutique decorative finishes, he brings hands-on expertise and strong leadership to every project.

With a focus on formwork, reinforcement, placement, finishing, and pumping, Ocon Concrete Group delivers concrete solutions with precision and efficiency. Known for attention to detail and a tailored approach, the team consistently achieves quality outcomes — on time, within budget, and to the highest standard.

Choosing the right concrete team to bring your vision to life can be overwhelming. At Ocon Concrete Group, we understand your project is a major investment, and we're committed to making the process as seamless as possible. From planning to completion, we keep you informed and confident, guiding you through every stage. Our skilled team takes pride in delivering precision concrete solutions across high-rise, commercial, and residential projects. By focusing on your specific needs and working closely with you, we ensure every detail is executed with quality, efficiency, and care.

We place the highest importance on safety. Every team member and contractor on our sites is fully licensed, trained, and compliant with industry standards. This commitment protects you, our clients, and our team — ensuring every project is delivered in a safe and professional environment.

Our Values

Bring your ideas or use our past projects for inspiration.

Expect top quality workmanship with skilled tradesmen, using only premium materials.

We're licensed, insured, and experienced across numerous projects throughout NSW.

We take full responsibility for the quality of workmanship, tradesmen, materials, and the final finish of your project.

QUALITY

PRICE

PROTECTION

SAFETY

We'll plan and deliver concrete works tailored to your project requirements, your vision, and your budget.

No surprises, no hidden costs. Just transparent, reliable services.

Safety is our priority. Our experienced team is trained in workplace health and safety, ensuring every jobsite is compliant, secure, and professional.

Our Process

1. APPROACH

Contact Ocon Concrete Group, and Anthony Oiteirinho will take the time to understand your vision—no matter how big or small, or how simple or complex.

RESEARCH

2.

Anthony Oiteirinho will meet you on-site to assess the concrete scope of works, take photos, and liaise with trusted trades and suppliers. Factors such as site conditions, budget, and timeframes will guide the next steps.

ACCEPTANCE

3.

Within 14 days, Anthony Oiteirinho will provide a detailed, obligation-free quote. Quotes are valid for 30 days and typically include all costs — materials, labour, plant, equipment, and GST.

COMMENCEMENT

4.

After acceptance, Anthony Oiteirinho will confirm a formal start date, ensuring it aligns with the expectations set during the initial project discussions.

COLLABORATION

5.

We maintain open communication throughout every project, with weekly updates on larger jobs and regular check-ins on smaller works to keep clients informed and confident at every stage

COMPLETION

6.

Upon completion, Ocon Concrete Group will conduct a formal handover, ensuring all works meet our quality standards. Any defects identified are addressed and resolved as part of this process.

Why Choose Us?

OUR TEAM

Our team combines expertise, creativity and a keen eye for detail in every project.

We bring your projects ideas to life by delivering exceptional results.

SPEEDY SERVICE

With our efficient building processes we're able to ensure speedy completion of your project without compromising on quality.

PROJECT MANAGEMENT

With our refined project management system, we ensure your project is completed quickly without compromising on quality.

TRANSPARENT COMMUNICATION

We prioritise clear communication, keeping you informed from start to finish for complete peace of mind.

Our Capabilities

With over 14 years of experience in NSW, Ocon Concrete Group specialises in high-end residential and commercial concrete projects. From decorative finishes to large-scale structural works, we've built a reputation for precision, reliability, and quality. Our dedication ensures every project is delivered to the highest standard — meeting your vision, exceeding expectations, and adding long-term value.

Ocon Concrete Group stands apart from non-reputable operators by being fully licensed and insured.

Our commitment to professionalism and strict compliance with Australian standards ensures every project is handled by experts — prioritising quality, safety, and client satisfaction from start to finish.

LICENSED

Our licence information is publicly available on the NSW register.

✓ LIC: 462116C

✓ LIC: 96698S

INSURED

We hold 20 million in public liability insurance.

This is our way of protecting you, your family, and our team.

Our focus is on delivering projects of the highest quality.

Memberships & Certifications

Ocon Concrete Group is a trusted name in the concrete industry, supported by recognised certifications and memberships. We align with respected associations that uphold the highest standards of quality, safety, and innovation.

MEMBERSHIPS

We are proud members of the Concrete Institute of Australia (CIA) and the Australasian Concrete Repair & Remedial Building Association (ACRA).

CERTIFICATIONS

Our certifications reflect our commitment to excellence. Fully licensed and insured, we meet all relevant standards to ensure quality, compliance & safety on every project.

Projects Portfolio

Belmont - Mars Building

Manly - Alliance Living

Strathfield - Pillar Projects

Cronulla - D.velop.R

Goulburn - Hurst Concepts

Nowra - Hurst Concepts

Bellevue Hill - Jcorp

Auburn - Hurst Concepts

Castle Hill - Abergeldie

Chatswood - Hurst Concepts

Waitara - Gop Construction

Gosford - North

Belmont

Ocon Concrete Group is delivering the pump and placement package for a luxury residential project comprising 3 basement levels and 9 levels above, totaling approximately 9,600m².

The project involves placement of over 5,000m³ of concrete, showcasing our capability to manage high-volume, multi-level pours while maintaining strict quality control and program efficiency.

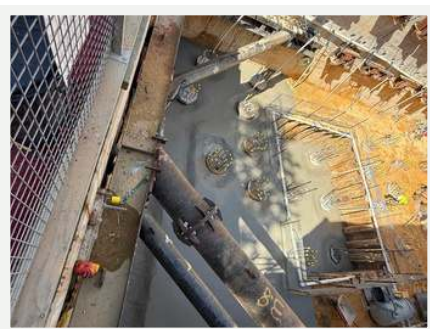

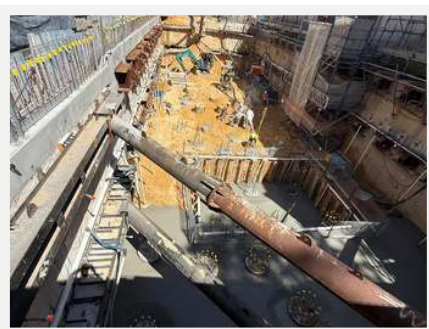

FEATURES

- 5,000m³+ concrete placement
- 3 basement + 9 suspended levels
- High-end residential construction

► Year: 2026

► Builder: Mars Building

► Pump & Placement Package: \$760,000

Manly - Ongoing

Our Manly project is currently underway, showcasing Ocon Concrete Group's expertise in concrete placement. The works include precision-poured structural slabs designed to provide both strength and functionality. With careful planning and execution on-site, this project demonstrates our commitment to delivering reliable, high-quality concrete solutions as construction progresses.

FEATURES

- 525m² - Total retail area
- 4 - Number of levels
- 1,373m² - Total commercial area

► Year: 2025

► Builder: Alliance Living

► Placement Package: \$120,000

Cronulla - Ongoing

Our Cronulla project is a luxury residential development with five levels and two basements. Ocon Concrete Group is delivering concrete placement, finishing, and pumping services.

This project highlights our expertise in large-scale works, ensuring precision and reliability for high-end apartment construction.

FEATURES

- 5 Storey Residential Apartments
- 720m² Total area
- Architectural splayed walls and concrete finishes

► Year: 2025

► Builder: D.velop.R

► Pump & Placement Package: \$230,000

Strathfield- Ongoing

Our Strathfield project is a seven-level boarding home with two basements and a 560m² footprint. Ocon Concrete Group delivered the concrete placement package for this build.

This project showcases our expertise in multi-level residential works, with precise and efficient delivery across complex structures.

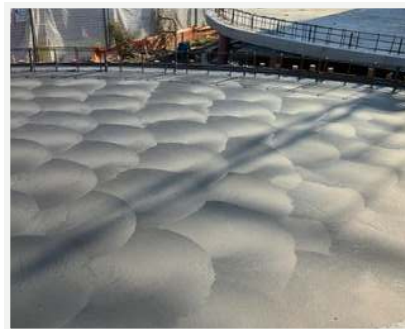

FEATURES

- Seven-level boarding Apartments
- Two basement floors
- 560m² building footprint

► Year: 2025

► Builder: Pillar Projects

► Placement Package: \$110,000

Auburn - Complete

At 315 Parramatta Road, Auburn, Ocon Concrete Group delivered the pump, placement, and reinforcement package for the McDonald's building slab.

We also completed the FRP package for the driveway slab-on-ground, ensuring quality and efficiency in this commercial project.

FEATURES

- Pump and placement package
- Coloured concrete finishes
- Driveway slab-on-ground FRP

► Year: 2025 ► Builder: Hurst Concepts ► Formwork, Reinforcement, Concrete Package: \$480,000

Goulburn - Complete

Our Goulburn project involved supplying and placing over 650m³ of coloured concrete, along with more than 3,000m² of pavement. Ocon Concrete Group also delivered decorative polished concrete finishes to the building slab.

The scope included the full FRP package for the on-site detention (OSD) tank, showcasing our ability to manage complex structural and decorative concrete works at scale.

▶ Year: 2025

▶ Builder: Hurst Concepts

▶ FRP Package: \$630,000

FEATURES

- 650m³ coloured concrete
- 3,000m² pavement works
- Decorative polished slab

Nowra - Complete

Our Nowra project included over 700m² of concrete works, featuring coloured concrete and decorative polished finishes to the building slab. Ocon Concrete Group also delivered extensive pavement works across the site.

This project highlights our capability in combining structural and decorative concrete solutions with precision and quality.

FEATURES

- 700m² concrete works
- Coloured concrete supply
- Polished slab finishes

► Year: 2025 ► Builder: Hurst Concepts ► Price Guide: \$220,000

Bellevue Hill

Our Bellevue Hill project featured a range of architectural and decorative concrete finishes. Ocon Concrete Group delivered burnished floating stairs with curved detailing and a Geostone exposed aggregate finish to the driveway.

The scope also included over 200m² of council pavement rectification, showcasing our expertise in both bespoke decorative works and large-scale concrete solutions.

► Year: 2025 ► Builder: Jcorp Construction ► Price Guide: \$85,000

FEATURES

- Burnished floating stairs
- Exposed aggregate driveway
- 200m² pavement rectification

Gosford - Complete

IOcon Concrete Group delivered the full concrete package for Gosford Regional Library, including suspended slabs, structural works, and feature finishes. Level 3 alone spanned 1,300m² and 500m³ of concrete, placed efficiently with two pumps.

Our team of 24 concreters also delivered a burnished feature wall, showcasing our ability to manage large-scale pours with precision and quality.

► Year: 2024 ► Builder: North Construction ► Placement Package: \$180,000

FEATURES

- 1,300m² suspended slab
- 500m³ concrete with pumps
- Burnished feature wall

Castle Hill - Complete

At the North West Treatment Hub in Castle Hill, Ocon Concrete Group delivered two new builds and an extension, completing the full FRP package. This included reinforcement, formwork, and placement across key structures.

Our works also covered FRP to electrical trenches, slab-on-ground, and suspended slabs, demonstrating our capability to handle compliance-driven projects with precision.

- ▶ Year: 2024
- ▶ Builder: Abergeldie Complex Infrastructure
- ▶ Concrete FRP Package: \$330,000

FEATURES

- Two new builds delivered
- Extension FRP package
- Suspended slabs & S.O.G.

Chatswood - Complete

At McDonald's Chatswood, Ocon Concrete Group carried out concrete FRP works across multiple day and night shifts to keep the project moving under tight deadlines.

The scope included dowelling and pouring service trenches, forming and placing stairs and ramps, and mass filling major footings to support future staircases.

FEATURES

- Day and night shifts
- Service trench FRP
- Stairs, ramps, footings

▶ Year: 2024

▶ Builder: Hurst Concepts

▶ Concrete FRP Package: \$77,000

Waitara - Complete

Ocon Concrete Group completed the Tara on Park luxury apartment development in Waitara, delivering concrete works across multiple levels.

The project involved over 800m² of pours, showcasing our expertise in large-scale multi-level residential developments and high-end luxury apartment construction.

FEATURES

- Eight levels including basements
- 800m² concrete pours
- Luxury apartment development

► Year: 2024 ► Builder: Gop construction ► Price Guide: \$130,000

Thank you.
